

Laramie County Head Start is the legend of the early childhood learning community, impacting futures

~Children's brains develop more quickly from birth to five than they ever will again~ - before5.org

For almost fifty years, Head Start has led the nation in pioneering outstanding early childhood education for children.

With over 1,700 centers throughout the United States, Head Start and families partner to prepare children for school and life. The foundation for the success of Head Start children has been parent engagement.

- 30 years of research confirms that when families are involved in their child's education, children:
- Earn higher grades
 - Receive higher grades on tests
 - Attend school more regularly
 - Are more likely to graduate from high school

Mission: Laramie County Head Start is a life changing organization of proactive teams, with a shared vision, serving as a foundation for sustainable futures for children and families.

Core Values: With a respectful mind, a compassionate heart, a trustworthy soul and positive energy -

Laramie County Head Start (LCHS) has continued the Head Start legacy for almost fifty years by believing parent engagement equals children's success.

Head Start, parents, families and the community are mutual partners engaged in school readiness for the life-long success of children.

School readiness means:

- Children are ready for school
- Families are ready to support their children's learning
- Schools are ready for children
